

CareMonkey

CareMonkey is a parent controlled electronic medical form. It's an electronic version of the paper based forms you always have to fill in for excursions, camps, enrolments, etc. It provides parents the opportunity to update medical information promptly and accurately while providing the school with instant access to the emergency information provided by you. We will be using the CareMonkey app in the best interest of the children whilst also reducing the burden on parents to fill out the same information on multiple forms throughout the year.

As a parent/guardian you will receive an invitation to join CareMonkey and enter details for your child/children. ***Please ensure your child's details are on CareMonkey and shared with Shelford before the start of the school year.***

You don't need to do anything until you receive the email requesting the information. Please feel free to contact the school if you have any questions. You can also visit the CareMonkey website for more information: www.caremonkey.com
